The University of North Texas College of Education maintains high-quality standards for admission to and retention in the Teacher Education Program (TED). This short-answer questionnaire is only one of the requirements for admission.

Questions have been constructed based on research evidence regarding the knowledge, skills and dispositions that tend to indicate potential for future teaching success. Your responses will be evaluated by teacher education faculty as an indicator of your potential for success in both the TED coursework and clinical practice experiences. Your responses will be evaluated in these areas:

1. Quality of written expression (comprehensibility and standard writing conventions)
2. Your ability to self-reflect on attributes relevant to your future success as a teacher
3. Your ability to answer the question being asked, and (where necessary) to provide a well-developed rationale
4. A minimum of 200 words and a maximum of 300 words PER question
