Application for 2018-2019 Scholarships

Applicants for College of Education scholarships must be majoring in a UNT College of Education program, be enrolled, and be classified as a UNT College of Education student. Individuals completing this application will be considered for the scholarships administered by the College of Education Scholarship Committee. Other scholarships may be available and are administered by departmental scholarship committees in the College of Education and will require a separate application, specific to that department. Please contact your department for more information.

We encourage all UNT students to complete the Free Application for Federal Student Aid (FAFSA) annually at www.fafsa.gov to ensure all available financial resources may be utilized. Early application ensures the best opportunity to compete for available funding. If your citizenship prevents you from completing the FAFSA, you may be eligible to complete the Texas Application for State Financial Aid (TASFA) available through College for All Texans or the Texas Public Education Grant for International Students (TPEG-I) Application available through the UNT International Office.

Awards to scholarship recipients may be coordinated with your other awards received for the award period by Student Financial Aid & Scholarships. Once posted to a student account, receipt of late awards may cause other scholarships (awarded by UNT or outside agencies) and other resources (federal, state and institutional financial aid) to be adjusted if the current cost of attendance at UNT, or the student “need” for assistance as calculated by the Free Application for Federal Student Aid is exceeded.

**Competitive Scholarship Requirements:**

Non-Texas residents assessed non-resident tuition receiving UNT competitive scholarship(s) of at least $1,000 will have their non-resident tuition charges waived and be assessed tuition costs at the in-state rate for the fall, spring and following summer term. Non-Texas residents residing outside of Texas and only enrolled in online courses should contact their major department for specifics regarding tuition charges. This Competitive Scholarship Waiver is considered other financial assistance by the State of Texas. Students receiving a competitive scholarship waiver of non-resident tuition must complete Selective Service Registration, according to applicable Texas Education Code 51.9095.

Per Texas Education Code (TEC) 51.9095:
An individual may not receive a loan, grant, scholarship, or other financial assistance funded by state revenue, including federal funds or gifts and grants accepted by this state, or receive a student loan guaranteed by this state or the Texas Guaranteed Student Loan Corporation, unless the individual files a statement of the individual's selective service status with the institution or other entity granting or guaranteeing the financial assistance as required by this section.

Students may fulfill the Selective Service Requirement by completing the Free Application for Federal Student Aid (FAFSA). However, students may also complete the Selective Service Requirement by registering through www.sss.gov.
